

**GUIDELINES
FOR COMMITMENTS
AT
ROGER WILLIAMS HOSPITAL**

Thank you for participating in your group's commitment at Roger Williams Hospital. Roger Williams is grateful for the AA meetings that you and other RI groups bring in weekly. We are guests at Roger Williams, and they have asked us to abide to the following guidelines. These are locked unit commitments, similar to prison/corrections commitments, and it is important to understand and respect their policies.

GUIDELINES

1. Commitment groups should consist of no more than 5 AA members per unit.
2. Upon arrival Check In with Security at Emergency Room Entrance.
3. Please bring your Photo ID.
4. No Personal Items are allowed on units such as pocketbooks, backpacks, phones, food & drinks.
*A locker will be provided should you need to store anything while on the Unit.
5. Do not give patients any items including cigarettes, lighters/matches, money, pens, etc.
6. For the safety of all, children are not allowed on the units.

As a reminder from the RICS Treatment/Accessibilities Committee.

We do stock both floors with literature including meeting schedules which is one of the best tools we can offer to patients leaving Roger Williams Detox/ Dual Diagnosis Units
