Unity

TRADITION 12 (Long Form)

And finally, we of Alcoholics Anonymous believe that the principle of anonymity has an immense spiritual significance. It reminds us that we are to place principles before personalities; that we are actually to practice a genuine humility. This to the end that our great blessings may never spoil us; that we shall forever live in thankful contemplation of Him who presides over us all

It must never be forgotten that the purpose of Alcoholics Anonymous is to sober up alcoholics. There is no religious or spiritual requirement for membership. No demands are made on anyone. An experience is offered which members may accept or reject. That is up to them.
